

SAVE ENERGY SAVE MONEY

Own a small business? Agricultural producer?

If you live in one of Kansas' Rural Opportunity Zone counties, you may be eligible for:

- ***NO COST energy audits***
- ***Renewable energy site assessments***
- ***And more!***

Contact us today to find out how you can receive a written report of energy audit results, recommendations for cost effective energy efficiency improvements, and an estimate of energy savings for your small business or farm. You will also receive help applying for U.S. Department of Agriculture assistance through the Rural Energy for America Program (REAP) to identify other services to help you save.
